IMPORTANT: This is a fixed indemnity policy, NOT health insurance.

This fixed indemnity policy may pay you a limited dollar amount if you're sick or hospitalized. You're still responsible for paying the cost of your care.

- The payment you get isn't based on the size of your medical bill.
- There might be a limit on how much this policy will pay each year.
- This policy isn't a substitute for comprehensive health insurance.
- Since this policy isn't health insurance, it doesn't have to include most Federal consumer protections that apply to health insurance.

Looking for comprehensive health insurance?

- **Visit [HealthCare.gov](https://www.healthcare.gov)** or call **1-800-318-2596** (TTY: 1-855-889-4325) to find health coverage options.
- To find out if you can get health insurance through your job, or a family member's job, contact the employer.

Questions about this policy?

- For questions or complaints about this policy, contact your State Department of Insurance. Find their number on the National Association of Insurance Commissioners' website [([naic.org](https://www.naic.org))] under "Insurance Departments."
- If you have this policy through your job, or a family member's job, contact the employer.

Aflac Group Hospital Indemnity

INSURANCE

Even a small trip to the hospital can have a major impact on your finances.

Here's a way to help make your visit a little more affordable.

AFLAC GROUP HOSPITAL INDEMNITY

Policy Series C80000

The plan that can help with expenses and protect your savings.

Does your major medical insurance cover all of your bills?

Even a minor trip to the hospital can present you with unexpected expenses and medical bills. And even with major medical insurance, your plan may only pay a portion of your entire stay.

That's how the Aflac Group Hospital Indemnity plan can help.

It provides financial assistance to enhance your current coverage. It may help avoid dipping into savings or having to borrow to address out-of-pocket-expenses major medical insurance was never intended to cover. Like transportation and meals for family members, help with child care, or time away from work, for instance.

The Aflac Group Hospital Indemnity plan benefits include the following:

- Hospital Confinement Benefit
- Hospital Admission Benefit
- Hospital Intensive Care Benefit
- Intermediate Intensive Care Step-Down Unit
- Successor Insured Benefit

How it works

Amount payable was generated based on benefit amounts for: Hospital Admission (\$1,000), and Hospital Confinement (\$150 per day).

The plan has limitations and exclusions that may affect benefits payable. This brochure is for illustrative purposes only. Refer to your certificate for complete details, definitions, limitations, and exclusions.

Benefits Overview

BENEFIT AMOUNT

HOSPITAL ADMISSION BENEFIT per confinement (once per covered sickness or accident per calendar year for each insured)

Payable when an insured is admitted to a hospital and confined as an inpatient because of a covered accidental injury or covered sickness. We will not pay benefits for confinement to an observation unit, or for emergency room treatment or outpatient treatment.

\$1,000

We will not pay benefits for admission of a newborn child following his birth; however, we will pay for a newborn's admission to a Hospital Intensive Care Unit if, following birth, he is confined as an inpatient as a result of a covered accidental injury or covered sickness (including congenital defects, birth abnormalities, and/or premature birth).

HOSPITAL CONFINEMENT per day (maximum of 31 days per confinement for each covered sickness or accident for each insured)

Payable for each day that an insured is confined to a hospital as an inpatient as the result of a covered accidental injury or covered sickness. If we pay benefits for confinement and the insured becomes confined again within six months because of the same or related condition, we will treat this confinement as the same period of confinement. This benefit is payable for only one hospital confinement at a time even if caused by more than one covered accidental injury, more than one covered sickness, or a covered accidental injury and a covered sickness.

\$150

HOSPITAL INTENSIVE CARE BENEFIT per day (maximum of 10 days per confinement for each covered sickness or accident for each insured)

Payable for each day when an insured is confined in a Hospital Intensive Care Unit because of a covered accidental injury or covered sickness. We will pay benefits for only one confinement in a Hospital's Intensive Care Unit at a time. Once benefits are paid, if an insured becomes confined to a Hospital's Intensive Care Unit again within six months because of the same or related condition, we will treat this confinement as the same period of confinement.

\$150

This benefit is payable in addition to the Hospital Confinement Benefit.

INTERMEDIATE INTENSIVE CARE STEP-DOWN UNIT per day (maximum of 10 days per confinement for each covered sickness or accident for each insured)

Payable for each day when an insured is confined in an Intermediate Intensive Care Step-Down Unit because of a covered accidental injury or covered sickness. We will pay benefits for only one confinement in an Intermediate Intensive Care Step-Down Unit at a time.

\$75

Once benefits are paid, if an insured becomes confined to a Hospital's Intermediate Intensive Care Step-Down Unit again within six months because of the same or related condition, we will treat this confinement as the same period of confinement.

This benefit is payable in addition to the Hospital Confinement Benefit.

SUCCESSOR INSURED BENEFIT

If spouse coverage is in force at the time of the employee's death, the surviving spouse may elect to continue coverage. Coverage would continue according to the existing plan and would also include any dependent child coverage in force at the time.

In order to receive benefits for accidental injuries due to a covered accident, an insured must be admitted within six months of the date of the covered accident (in Washington, twelve months).
